

BOROS B1

The pull-on boot from Rosenbauer.

Around the world, the pull-on boot is a valued item in a firefighter's personal protective equipment. Its simplicity and light weight make it a reliable and comfortable, easy-to-wear and simple to care for piece of kit for the emergency services. These advantages place the BOROS B1 in a class of its own, while also providing the full range of equipment benefits that Rosenbauer offers throughout the entire BOROS boot line.

Flex zone and low weight

The flex zone in the instep and ankle area ensures that the BOROS B1 provides very good freedom of movement. The simple pull-on system ensures an extremely low weight boot that requires minimum cleaning effort. The simple and well thought-out design means the BOROS B1 is optimally cost-efficient.

Benefits at a glance:

- Easy to pull on and off
- Lightweight
- Simple long-term care
- Outstanding cost efficiency

What makes BOROS boots different?

- **Breathable shaft end** to ensure the boot feels pleasant inside
- **Water- and dirt-repellent premium bull hide leather with reflective surface** (reduces the heating up in the sun)
- **Toe and heel caps made from thermoplastic polyurethane (TPU)** protect against wear and tear
- **Optimally dimensioned steel cap** to protect the toes
- **Antistatic composite material** ensures resistance to static electricity
- **Integrated steel anti-perforation protection**
- **3M reflective strips** for increased visibility
- **Ankle protection: special memory foam** around the ankle area for maximum protection against impact
- **Michelin outer sole** for maximum anti-slip protection
- **Pull-off aid** for added comfort when removing the boot
- **Name label** for clear identification
