

**GSAFETY**  
GENERAL SUPPLY

# GSAFETY NX-CTI

## NOMEX® Thermal Coverall

Color: Royal Blue

Sizes: Available between UK30/EU40 - UK56/EU66

Outer Fabric: 180 gsm 93% Nomex + 5% Kevlar + 2% Antistatic

Inner layer: 130 gsm aramid blend felt quilted with 100 aramid / Viscose FR fabric

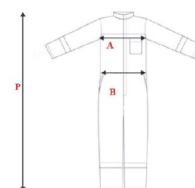

Reflective tapes: located around sleeves, legs and shoulders

NX-CTI uses Nomex fabric, which provides the wearer with natural, inherent flame resistance. Kevlar in the fabric gives outstanding strength, ensuring both the durability and longevity of the garment.

Designed for signaling the user's presence at night in low visibility medium risk situations and designed for the protection of the entire body with the exception of head, hands and feet, according to the following standards:

- EN ISO 13688:2013 General Requirements
- EN ISO 11612:2015 against thermal risks of limited flame spread
- IEC 61482-2:2018 against the thermal hazards of an electric arc
- EN 1149-5:2018 against the risk of accumulation of electrostatic loads
- EN 17353: 2020 High visibility clothing for medium risk (Type B2)
